

**Attention Back To School Sponsors!
Join The Winning Team!**

Thanks to our sponsors last year we were able to provide many children in the Bow Valley with new school supplies & backpacks.

As well as:

- Keep this program successful through our 14th year
- Assist well over a 1000 students since this program's inception
- Continue to give local families means to support their children's education

We are so thankful for your support!

Whether you have been with us since the beginning or are new to the program, we ask you to consider sponsoring one or more children or make a contribution of any amount.

Let's help every student win!!
